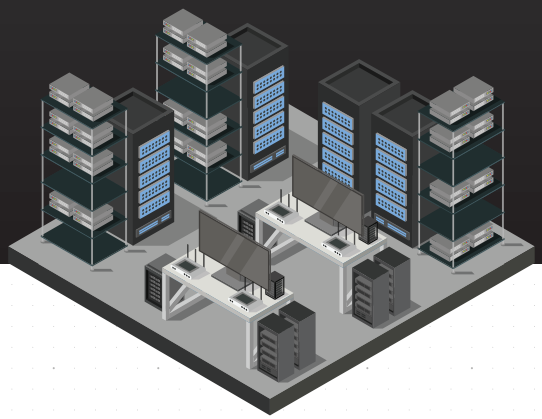
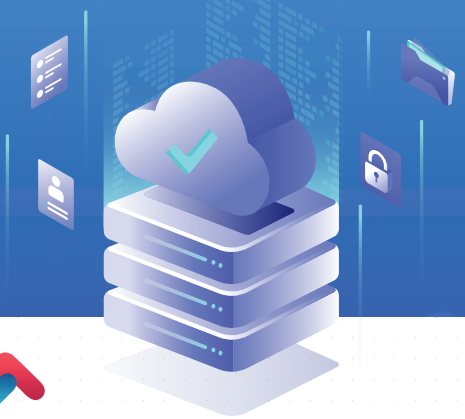
ON-PREMISES



VS

THE CLOUD



Veltec Networks

	ON-PREMISES	THE CLOUD
COST	• Large initial **CapEx** • Predictable, but might lead to **overprovisioning**	• Pay-as-you-go **OpEx** • No **hardware** costs
SCALABILITY	• **Limited;** manual effort to scale • **Infrastructure** restrictions	• **Instant**; global reach
SECURITY	• Full **physical** control • **Customizable** protocols	• Advanced features and **compliance certifications**
MAINTENANCE	• Manual updates; **potential for downtime**	• Automatic updates; **continuous monitoring**
ACCESSIBILITY	• Limited to **internal network**; slower VPNs	• Access anywhere; **real-time collaboration tools**
